ADAMftd:

Revolutionizing Business Insights for Chambers of Commerce

Unlock unprecedented growth and resilience for your Chamber of Commerce and its members with ADAMftd, presented by the International Centre for Trade Transparency. Explore how our platform's unique features can empower not only exporters and importers but also local businesses within your community.

Comprehensive Market Intelligence

- **Pricing Analytics:** Access to detailed product pricing (low, median, high) and final landed cost calculations, including taxes, tariffs, and additional expenses, enabling businesses to strategize pricing effectively.
- **Anomaly Detection:** Identify discrepancies such as changes in the country of origin/destination and pricing outside the average, ensuring the reliability of supply chains.

Predictive Business Insights

- **AI-Based Predictions:** Future price forecasting, product demand prediction, and market growth insights tailored by buyer, seller, and geographical region.
- **External Factors Analysis:** Evaluate environmental, geopolitical, and legislative impacts on trade, aiding in strategic planning and risk management.

Regulatory Compliance and Risk Management

- **Rules and Regulations:** Navigate through complex regulatory, export controls, and trade agreement landscapes effortlessly.

- **Risk Analysis:** Conduct sanctioned entity matching and "what-if" scenario mapping, encompassing a broad range of factors from environmental to human rights considerations.

- **Sanctions Avoidance Detection:** Identify potential red flags such as shell companies and rerouted trade partners to maintain compliance and integrity.

Supply Chain Optimization

- **Supply Chain Mapping:** Obtain detailed mappings of buyer and seller networks, including tariffs, taxes, and compliance with anti-dumping and origin rules.

- **Alerts and Notifications:** Stay informed about changes in supply chains, helping prevent disruptions and ensuring transparency.

Enhanced Partner and Competitor Insights

- **Detailed Trade Partner Analysis:** Government-sourced information on companies, including shareholders, directors, and beneficial ownership details.

- **Competitor Intelligence:** Direct company comparisons and global rankings per product, enabling a competitive edge.

GDPR Compliant Communication Tools

- **Direct Contact Information:** Leverage GDPR-compliant contact details for networking and outreach, including names, job titles, and verified social media profiles.

Real-Time Media and Feedback Monitoring

- **Media Searching & Monitoring:** Stay ahead with entity-specific news, mapping relationships between entities, and receiving negative media alerts.

- **Reviews and Feedback Analysis:** Gain insights from staff, third-party, and supplier reviews to ensure high-quality collaborations.
