

PARTNERSHIP OFFER

Partnering with the International Centre for Trade Transparency (ICTTM) opens a gateway to unparalleled resources and capabilities in the realm of national and international trade, thanks to our flagship product, ADAMftd.

Here are the key benefits of forming an MOU with us, focusing on the transformative potential of ADAMftd:

EXCLUSIVE ACCESS TO CUTTING-EDGE TRADE DATA:

Partners gain privileged access to ADAMftd's comprehensive trade data, integrating customs bills of lading, shipping manifests, and official company registries for unmatched insights into global trade dynamics.

ADVANCED ANALYTICS FOR STRATEGIC DECISION-MAKING:

With features like unit price analytics, predictive market trends, and detailed risk assessment tools, ADAMftd equips partners with the intelligence to make informed decisions, identify new market opportunities, and effectively manage risks.

FIRST MOVER ACCESS:

By partnering with us, your members gain early access to ADAMftd, providing them with a competitive edge in discovering new customers, ensuring compliance with supply chain regulations, and effectively mitigating risks. This first mover advantage empowers members to lead in their respective markets by leveraging the latest in trade data analysis and insights.

ENHANCED COMPLIANCE AND OPERATIONAL EFFICIENCY:

ADAMftd's legislative tracker, supply chain visualization, and GDPR-compliant contact information streamline compliance processes, ensuring partners remain ahead of global regulations while optimizing their supply chain operations for maximum efficiency.

STRATEGIC DIFFERENTIATION AND GLOBAL CONNECTIONS:

Partnering with ICTTM will set your Chamber of Commerce apart, offering direct connections to other chambers and governments worldwide. This collaboration serves as a remarkable membership benefit, enhancing your chamber's prestige and value at no additional cost.

EMPOWERMENT THROUGH EDUCATION AND NETWORKING:

The partnership provides access to a wealth of educational resources, co-branding opportunities, and a global network, fostering knowledge exchange and expanding business horizons.

PERSONALIZED SUPPORT AND CO-BRANDED RESOURCES:

ICTTM commits to providing a dedicated point person for streamlined communication, along with a suite of co-branded educational materials and webinars, ensuring a seamless and enriched experience for your members.

ZERO COST, ZERO OBLIGATION:

Our MOU partnership comes at no financial cost to the Chamber of Commerce or its members, with absolutely no obligations. This ensures that chambers and their members can enjoy the benefits of ADAMftd and other ICTTM initiatives, enhancing their global trade operations risk-free.

The leadership team at the International Centre for Trade Transparency (ICTTM) is a distinguished assembly of global experts, including well-known legislators, internationally renowned lawyers, and esteemed professionals from various countries. This eclectic group brings together a wealth of knowledge, experience, and insights from the highest echelons of global trade, law, and policy-making. Their collective expertise ensures that ICTTM operates at the forefront of trade transparency, leveraging cutting-edge solutions to tackle the complexities of international commerce. Guided by their visionary leadership, ICTTM is poised to drive significant advancements in the trade sector, fostering a more transparent, efficient, and equitable global trade ecosystem.

Joining forces with ICTTM through an MOU not only unlocks these strategic advantages but also aligns your organization with our mission to foster transparency, compliance, and innovation in global trade practices. Together, we can navigate the complexities of the trade ecosystem, leveraging ADAMftd's unparalleled capabilities to drive growth and success in an ever-evolving marketplace.
