

PRE-EXISTING USERS

Leveraging High-Caliber Professional Networks

ADAMkyc stands out as a beacon of excellence, having successfully attracted a cohort of high-caliber professionals from globally recognized companies. The roster of users encompasses a diverse group of industry leaders and decision-makers, including CEOs, COOs, CFOs, and Trade Compliance Managers. This distinguished user base is a testament to ADAMkyc's effectiveness and its alignment with the strategic needs of today's business landscape. As we transition towards the launch of our new product, ADAMftd, the foundation laid by ADAMkyc's esteemed clientele becomes a pivotal asset.

Seamless Transition to ADAMftd

The International Centre for Trade Transparency (ICTTM) is poised to capitalize on this robust network by seamlessly migrating the data and user profiles from ADAMkyc to ADAMftd. This migration is facilitated by the users' upfront consent, indicating their readiness and eagerness to embrace the new platform. Such a move is not merely a logistical step but a strategic leap, positioning ADAMftd for a successful launch. The transfer of this high-quality user base ensures that ADAMftd hits the ground running, bolstered by the credibility and trust that these top-tier professionals bring.

Strategic User Base Migration

The transition from ADAMkyc to ADAMftd is a clear indicator of ICTTM's commitment to innovation and continuous improvement. By leveraging the established reputation and the network of distinguished professionals, ADAMftd is set to offer an unparalleled solution tailored to the evolving needs of the international trade community. This strategic user base migration underscores the seamless continuity between ICTTM's offerings, ensuring that ADAMftd is recognized not as a newcomer, but as a mature, trusted platform backed by the industry's finest.

Competitive Advantage through Established Trust

Furthermore, the involvement of professionals from leading companies in ADAMftd from day one signifies a significant competitive advantage. It not only validates the platform's value proposition but also acts as a magnet for additional high-profile users seeking proven solutions. The launch of ADAMftd, enriched by the legacy and expertise of ADAMkyc's user community, is a momentous step forward for ICTTM, promising to reshape the landscape of international trade facilitation.
