

CONVERTIBLE NOTE OFFERING

by the International Centre for Trade Transparency (ICTTM)

Unlock the Potential with ICTTM's Convertible Note Offer

The International Centre for Trade Transparency is excited to present a unique investment opportunity in the form of a convertible note, aligned with the launch of our groundbreaking ADAMftd product. This convertible note is designed to offer investors the best of both worlds: a high-interest investment with a guaranteed return over three years, or the option to convert their investment into shares at any point during this period, capitalizing on the anticipated increase in share value following the ADAMftd launch.

Corporate Information:

Legal Name: International Centre for Trade Transparency Limited

United Kingdom Incorporation: Company Number:

Registered Address: 71-75, Shelton Street, Covent Garden, London, WC2H 9JQ. United Kingdom

Website / Email: www.icttm.org / info@icttm.org Subsidiary of: The International Trade Council

Sample Calculation:

Invested Amount \$10,000 USD Interest Repaid at 36 Months \$8,382.66 USD Total Repaid by ICTTM \$18,382.66 USD

Investment Highlights:

High-Interest Returns: Secure an investment that promises an attractive 22.5% annual interest rate, compounded over a 3-year term.

Flexible Conversion Option: The option to convert your loan into shares at any point up to the 36-month period, at the current market rate, allowing you to benefit from the expected increase in share value due to the ADAMftd product launch, with the added security of the option of being repaid your investment before any shareholder takes dividends.

Innovative Product Launch: The forthcoming ADAMftd platform is set to revolutionize the trade and supply chain industry, offering substantial growth potential and increasing the value of your investment.

Backed by the International Trade Council: As ICTTM's largest investor, the International Trade Council's support underlines the strength and potential of the ADAMftd product, enhancing investor confidence.

Why Invest in ICTTM's Convertible Note?

Fixed Return: Enjoy the security of a fixed return over the note's term, with an interest rate that competes with the best investment opportunities available.

Equity Potential: Take advantage of the potential for significant equity gains by converting your note into shares, participating directly in the success of ADAMftd.

Alignment with a Global Leader: By investing with ICTTM, you're partnering with an organization at the forefront of international trade transparency and innovation.

Support of a Strong Backer: The International Trade Council's backing provides a solid foundation for the success of the ADAMftd product and, by extension, the profitability of your investment.

Access to Revolutionary Technology: ADAMftd represents a leap forward in trade and supply chain management, promising to deliver value to a wide array of stakeholders across the globe.

Market Expansion and Growth: The launch of ADAMftd is anticipated to capture significant market share, driving the growth of ICTTM and enhancing the value of your convertible note.

Investment Details:

Term: 3 years, providing a blend of short-term income and long-term growth potential.

Interest Rate: 22.5% per annum, locked in for the duration of the note term.

Conversion Feature: Option to convert the note into shares by the holder at any time before the end of the 36-month period, at a pre-agreed rate.

Your Opportunity to Shape the Future of Trade

Investing in ICTTM's convertible note not only promises financial returns but also offers the chance to be part of a revolutionary change in the international trade and supply chain landscape. With the ADAMftd product set to launch, we stand on the brink of transforming how trade transparency and efficiency are achieved. This is your invitation to join us in this exciting journey, leveraging the robust foundation laid by the International Trade Council and the innovative prowess of ICTTM.

Embrace the future of trade. Invest in ICTTM's convertible note today and be part of a transformative global movement.
